HIGHCRAFT SOUTH EAST LTD

HOSPITALITY CAPABILITY

Built for hospitality

FULL-SERVICE PROJECT DELIVERY

HighCraft delivers high-quality commercial hospitality environments for restaurant, café and leisure brands across the UK.

We specialise in hospitality fit-outs and refurbishments, supporting brands as they expand their estate through new openings and refurbishment programmes. Our delivery model balances programme certainty, brand standards and finishing quality.

£200k–£2m+

Typical project value

6–16 weeks

Typical programme

Dependable delivery. Meticulous attention to detail. Projects delivered around operational realities.

What we deliver

CORE CAPABILITY

Commercial fit-outs

Full restaurant, café and hospitality environments, coordinating services, finishes and fixtures.

Design & Build

Collaborative delivery with designers, consultants and client teams from concept to completion.

Rollout delivery

Supporting brands delivering multiple sites with consistent quality and reliable programmes.

Bespoke joinery

In-house workshop and machining partners for bars, counters, seating and feature installations.

Outdoor environments

Terraces, decking, external dining spaces, shelters, pods and hospitality structures.

Project leadership

CDM-aware delivery, site management, supply chain coordination and handover.

How we work

PROGRAMME • QUALITY • COMMUNICATION

Hospitality environments demand precision, coordination and programme certainty.

01 Plan

Early surveys, scope definition, programme and risk review.

02 Coordinate

Client, designer, consultants and specialist trades aligned through clear communication.

03 Deliver

Strong site management, high-quality finishing and controlled handover.

Assurance

SafeContractor approved • £10m insurance cover • Experienced project managers, site managers and supervisors trained to CITB SMSTS / SSSTS standards.
